1.7	General Terms & Conditions-
01	The firm shall be a reputed one and should have been supplier of medical oxygen to at least two hospitals of more than 100 beds. One of it should be Government Hospital. This should be supported by a certificate issued by the clients along with copy of supply order. The firm must have standing experience of at least 2 years in the field of supply of Medical Gases as per prevailing / latest guidelines / amendments of PESO and Gazette Notification under GCR 2016.
02	The firm shall be manufacturer /supplier / distributor of Medical Gases i.e. Medical Oxygen, Nitrous oxide and CO2 and should have a valid license issued from the concerned Authority. Successful bidder has to deliver filled medical gas cylinders within hour of phone call from institute to fulfill this bidder must have location (Office) within 200 km distance from puncher institute.
03	The firm should have a valid license for storage, filling and cylinder testing and other licenses, if any, issued by CCE Nagpur as statutory requirement (attested copies of the letter to be attached) or any other authority. The Firm should have own liquid oxygen storage of at least 20 KL Capacity with cylinder refilling system.
04	The Tender has to ensure compliance of Rule 3 of Chapter II under the heading "General Provisions" of GCR, 2016 and obtain timely necessary filling permission from the Chief Controller of Explosives as and when required as per latest directions /notification from PESO.
05	Prospective bidders are advised to visit Hospital premises by sending their competent official with valid Identity Card to understand the geographical location, traffic rules, existing infrastructure of Gas Manifold and its location, inspect the cylinders and LMO vessel capacity before submitting their bids during Hospital working hours between office hours and all working days. The firm shall intimate Hospital Authority in advance.
06	The Firm should have full compliance as per PESO
07	Government medical college and hospital is managing various patients requiring oxygen supplementation. Also various patients undergoing different surgical procedures may require other medical gases such as nitrous oxide, CO2 etc. in their treatment. The firm MUST maintain uninterrupted supply of Medical oxygen to various patients admitted in institute. Also supplier must maintain supply of various medical gas cylinders with refilling as per requirement. An undertaking is to be submitted to the Hospital in this regards and make alternate arrangement for the supply of oxygen at their risk and responsibility and may has to use their own cylinders in emergency situation. Besides, the Hospital reserves the right to make alternate arrangement for the supply of gases at the firm's risk and the cost will be borne by the firm if it fails to supply, due to any cause.
08	The firm will be responsible for any mishap on account of non-conformities of safety standards and rules for Medical Gases and Liquid Oxygen plant.
09	Incomplete /Conditional Tender will not be accepted.
10	The rejected supply, if any, is replaced by the firm at its own cost within the specified period without causing any interruption to the Hospital services.
11	All pages should be duly numbered, signed and stamped by authorized person. Total number of pages should be mentioned on the forwarding letter. All the documents must be signed by authorized signatory under the official stamp of the firm.
12	As oxygen is life saving in patient management, it is responsibility of supplier to maintain uninterrupted supply of it.
